

AGENDA EMEU SG Meeting
14th May 9 – 16.30

Location: Construcción Bizkaia.

Pick up from our hotel in the morning

1. Minutes from the last meeting

2. Status:

- a. What is the commitment of each partner in relation to the EMEU network – has it changed and if so, why? – *reflections from the partners present in the meeting*
- b. What is the wish of your college for the future of the EMEU Network

3. EMEU Teams

- a. Teams within the Engineering group
 - * Let's look at how the various teams which are now placed under Automation can be divided
- b. Overview of new teams/partners in the EMEU network
 - * wish of including vehicle/auto mechanics
 - * Any teams requesting new members?

4. 2-3 hour group sessions on the 3 themes –

- I. SENDING and HOSTING (who will host the discussion)
 - a. Going through the sending and hosting process - <http://em-eu.eu/for-teachers/>
 - b. Where do you meet challenges– any need for clarification?
 - c. How do you support your teams to follow the EMEU process for sending and receiving
- II. New partners in EMEU (Toni hosting the discussion)
 - a. The roadmap - <http://em-eu.eu/the-emeu-network/join-the-network/>
 - b. Are there groups with specific needs?
 - c. What is the limit/the capacity of the network?
- III. Quality assurance (Jon hosting the discussion)

Presentation and discussion of group sessions

5. Merger of EMEU and EMEU4ALL – what do we suggest to put forward to the EMEU4ALL SG

6. NEW EMEU project?

- a. Idea: EMEUacross , A new KA2 project to create crossover modules (ICT-Health Care etc)

7. Next EMEU meeting – where, when and what should be the aim?
